

Network Partner Recognition

As a Performance Track member, you will have the opportunity to gain exposure from a variety of organizations through the Performance Track Network. EPA has partnered with twenty-three select national trade associations, non-governmental organizations (NGOs), and professional organizations through the Performance Track Network. Each Network Partner is committed to promoting Performance Track to top environmental performers within their individual sectors. The following organizations are Network Partners:

- Academy of Certified Hazardous Materials Managers
- American Chemistry Council
- American Home Furnishing Alliance
- American Iron and Steel Institute
- Associated General Contractors (AGC) of America
- The Auditing Roundtable
- Cement Kiln Recycling Coalition
- Global Environment & Technology Foundation
- Public Entity EMS Resource (PEER) Center
- Greening of Industry Network (GIN)
- International Carwash Association
- National Association of Chemical Distributors
- National Defense Industrial Association
- National Paint and Coatings Association
- National Pollution Prevention Roundtable
- National Ready Mixed Concrete Association
- National Stone, Sand & Gravel Association
- NORA, an Association of Responsible Recyclers
- North American Die Casting Association
- Speciality Graphic Imaging Association International
- Steel Manufacturers Association (SMA)
- Synthetic Organic Chemical Manufacturers Association (SOCMA)
- Voluntary Protection Programs Participants' Association
- Wildlife Habitat Council

Partner Publications

The following five inserts are examples of articles recently published in Network Partner or related publications. The first article was published in the September 2004 issue of the National Paint and Coatings Association publication, *Coatings*. The second article was published in the May/June 2004 issue of *Stone, Sand & Gravel Review*, the official publication of the National Stone, Sand & Gravel Association. The third article was published in the October/November/December 2004 issue of *Careline Magazine*, which publishes news about the chemical sector's voluntary initiative Responsible Care®. The fourth article was published in the January/February 2005 issue of *Stewardship News*, a publication of Audubon International. The fifth publication was published in the May/June 2005 issue of *Stormwater*, the Journal of Surface Water Quality Professionals.
